i) Wireless Network ([Wi-Fi](#))

Campus wide W-LAN/Wi-Fi is presently being maintained by the IT Cell. The complete University campus has been facilitated with 24x7 Wi-Fi services by increasing the old 60 Wi-Fi points to 239 Wi-Fi points for better connectivity and smooth functioning of Wi-Fi services. Various steps have been taken by IT Cell to strengthen and expand the coverage of Wi-Fi, which has been proved very useful to cater the need of high speed internet facilities to the whole University.

The main highlights of Wi-Fi services being provided in the campus by the IT Cell are given below:

- ❖ 24x7 full campus wi-fi service in all buildings and residential quarters with individual user account management system.
- ❖ 2 tier user login while connecting with secure wi-fi network connections and thereafter using internet facility in the campus.
- ❖ Presently 800 concurrent users can use wi-fi service. Efforts are being made to handle more than 2000 concurrent users.
- ❖ logs maintenance for each & every activity on internet.

ii) University Website (www.cdlu.ac.in)

The University Website is being maintained and updated efficiently, effectively & promptly by the University Website Office. The number of global visitors on website is increasing very rapidly.

Further, the process for re-development of new and secure University Website based on Content Management System (CMS) framework using the latest web-technology and Linux based platform is under way.

iii) Fiber based Local Area Network ([LAN](#))

Any educational institute looking at high growth and a potential to join big league, can not overlook networking. Sensing out its dire need well in time, the IT Cell has established Compus Wide Local Area Network (LAN). The LAN is based on Optical Fibre and initially 400 nodes have been connected. This is also under the NME-ICT project of MHRD on 75:25 sharing basis.

The main highlights of LAN facilities being provided in the campus by the IT Cell are given below:

- ❖ 400 nodes for internet use (under NME-ICT project of MHRD).
- ❖ Fibre Optic connectivity to every building for high speed network connection.
- ❖ Secure login & user account management system through firewall.
- ❖ Logs maintenance for each & every activity on internet.

iv) National Knowledge Network ([NKN](#))

To enhance the standard of higher education and increase the research activities the University has connection to National Knowledge Network (NKN). This connectivity has been provided through one Gbps (optical fiber) dedicated line under NMEICT Project of Ministry of HRD, India.

v) Procurement of Linux based UTM (Unified Threat Management)

At present the University is using the UTM as installed under NME-ICT Project. But due to increase of Internet users in the Campus (i.e. more than two thousands), the University is procuring the next generation UTM (Unified Threat Management) with the latest features of Firewall protection, load balancing and redundancy, Intrusion Prevention System, Bandwidth Management, Secure VPN, Web filtering, Web application Firewall, Anti-Virus, Anti-Spam, Reporting and Analytics etc.

vi) Establishment of In-House Mail Server

The University is in the final stages to get developed in-house Linux based Mail Server for the staff members and the research scholars of the University.

2. Plant Biotechnology and Genomics
3. Animal Biotechnology and Bioinformatics

7. Future planning for academic enrichment

The Department of Biotechnology plans to strengthen teaching and research programme through innovative techniques. The faculty members of the department have already been granted R & D Projects from UGC and are planning to submit more research projects to other funding agencies like DST, DBT, CSIR *etc.* The department is also planning to organize conference/seminars/workshops for teachers and students in the next financial year. Further, the department is also planning to sign Memorandum of Understanding (MOU) with National and International Institutes in the times to come to strengthen its ongoing and future R&D work.

7. Placement of Students of the Department:

The passed out students of the department are placed in different institutions like colleges, schools, banks etc.

8. Thrust area(s) for Research

The major thrust area is the field of Applied Mathematics and the Department conducts the research programmes in the field of Mechanics of Continuous Media beside others which are useful in various interdisciplinary fields of interest like Geophysics, Seismology, Earthquake engineering, Structural engineering, Biomechanics, Mechanical engineering, etc.

9. Future planning for academic enrichment:

The department plans to organize a National/International Conference/Seminar/workshop alongwith a series of extension lectures, so that the students be provided with updated knowledge and their research aptitude be enhanced. Also the department plans to strengthen the computer Lab with more advanced softwares, so that the students become aware with the advanced computational methods.

7. Placement of students of the Department:

Sr. No.	Name of Student	Name of the Employer
Some students are engaged in Universities/Colleges as Guest faculty, some are engaged in schools as PGT/TGT teachers and some are engaged in B.Ed. & other courses.		

8. Thrust area (s) for Research

- (i) Materials Science (including Nanomaterials)
- (ii) Photonics (including Laser Physics)
- (iii) Non-linear Dynamics

9. Future planning for academic enrichment

The department plans:

- (i) to revise the syllabi of M. Sc, M. Phil. and Ph.D. programmes to be implemented from session 2016-17.
- (ii) to organize a National Conference on Emerging Trends in Physics in March 2016.
- (iii) to enrich the M. Sc. and Research Labs by purchasing some advanced equipments as per the budget available.

10. Consultancy work done by the department: Nil

11. Any other information not mentioned earlier: Nil
